

Dry Cationic Solve 5130

Material Safety Data Sheet

Date Issued: 04/13/2013

Date Revised: 04/13/2013

1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

PRODUCT NAME: **SOLVE 5130**
COMPANY: WaterSolve, LLC, 5031 68TH Street Caledonia, Michigan 49316, USA
For Product information call 616-575-8693.
For Chemical Emergency Spill, Leak, Fire, Exposure, or Accident
Call CHEMTREC Day or Night
Within USA and Canada: 1-800-424-9300
Outside USA and Canada: +1 703-527-3887 (collect calls accepted)

2. COMPOSITION/INFORMATION ON INGREDIENTS

Identification of the preparation: Cationic water-soluble polymer.

3. HAZARDS IDENTIFICATION

Emergency Overview

Appearance: Granular solid
Color: White
Odor: None

Aqueous solutions or powders that become wet render extremely slippery surfaces.

4. FIRST AID MEASURES

Inhalation: Move to fresh air. No hazards which require special first aid measures.

Skin Contact: No hazards which require special first aid measures. Wash off with soap and plenty of water as a precaution. In case of persistent skin irritation, consult a physician.

Eye Contact: Rinse thoroughly with plenty of water, also under the eyelids. In case of persistent eye irritation, consult a physician.

Ingestion: No hazards which require special first aid measures. The product is not considered toxic based on studies on laboratory animals.

5. FIRE FIGHTING MEASURES

Suitable extinguishing media: Water, water spray, foam, carbon dioxide (CO₂), dry powder.

Special fire-fighting precautions: Aqueous solutions or powders that become wet produce extremely slippery surfaces.

Protective equipment for firefighters: No Special protective equipment required.

Flash point /Autoignition temperature: Not applicable

6. ACCIDENTAL RELEASE MEASURES

- Personal precautions:** No special precautions required.
- Environmental precautions:** As with all chemicals products, do not flush into surface water.
- Methods for cleaning up:** Do not flush with water. Clean up promptly by sweeping or vacuum. Keep in suitable and closed containers for disposal. After cleaning, flush away traces with water.

7. HANDLING AND STORAGE

- Handling:** Avoid contact with skin and eyes. Avoid dust formation. Do not breathe dust. Wash hand before breaks and at the end of the workday. When preparing the working solution ensure there is adequate ventilation. When using do not smoke.
- Storage:** Keep in a dry, cool place (0-35° C). Keep away from heat and sources of ignition. Freezing will affect the physical condition and may damage the material.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

- Engineering controls:** Use local exhaust if dusting occurs. Natural ventilation is adequate in absence of dusts.
- Personal protection equipment**
- Respiratory protection:** In case of insufficient ventilation wear suitable respiratory equipment. Dust safety masks are recommended where concentration of total dust is more than 10 mg/m³.
- Hand Protection:** Rubber gloves.
- Eye protection:** Safety glasses with side-shields. Do not wear contact lenses.
- Skin protection:** Chemical resistant apron or protective suit if splashing or contact with solution is likely.
- Hygiene measures:** Wash hands before breaks and at the end of workday. Handle in accordance with good industrial hygiene and safety practice.

9. PHYSICAL AND CHEMICAL PROPERTIES

- Form: granular solid
- Color: white
- Odor: none
- pH: 2.5 – 4.5 @ 5 g/l;
- Melting point: Not applicable
- Flash point (deg.C): Not applicable
- Autoignition temp. (deg.C): Not applicable
- Vapour pressure (mm Hg) Not applicable
- Approx. bulk density: 0.80
- LogPow: 0

10. STABILITY AND REACTIVITY

- Stability:** Product is stable. No hazardous polymerization will occur.
- Hazardous decomposition Products:** Thermal decomposition may produce: nitrogen oxides (NO_x), carbon oxides. (CO_x) and hydrogen chloride gas..
- Conditions to avoid:** Oxidizing agents may cause exothermic reactions.

11. TOXICOLOGICAL INFORMATION**Acute toxicity**

- Oral:** LD50/oral/rat > 5,000 mg/kg
Dermal: The results of testing on rabbits showed this material to be non-toxic even at high dose levels.
Inhalation: The product is not expected to be toxic by inhalation.

Irritation

- Skin:** Based on laboratory tests, this product does not cause skin irritation.
Eyes: Testing conducted according to the Draize technique showed the material produces no corneal or iridial effects and only slight transitory conjunctivae effects similar to those which all granular materials have on conjunctivae.
Sensitization: The results of testing on guinea pigs showed this material to be non-sensitizing.
Chronic toxicity: Two year feeding studies on rats did not reveal any adverse health effects. A one-year Feeding study on dogs did not reveal adverse health effects.

12. ECOLOGICAL INFORMATION

The effects of this product on aquatic organism are rapidly mitigated through hydrolysis and by the presence of dissolved organic carbon in the aquatic environment.

- Fish:** LC50/Danio rerio/96h =5-10mg/L (OECD203)
Algae: Algal inhibition tests are not appropriate. The flocculating characteristics of the product interfere directly in the test medium preventing homogenous distribution which invalidates the test.
Daphnia: LC50/Daphnia magna / 48 h = 20-50 mg/L (OECD 202)
Bioaccumulation: Does not bioaccumulate.
Persistence/degradability: Not readily biodegradable.

13. DISPOSAL CONSIDERATIONS

- Waste from residues/unused products:** In accordance with federal, state and local regulations
Contaminated packaging: Rinse empty containers with water and use the rinse water to prepare the working solution. Can be landfilled or incinerated, when in compliance with local regulations.

14. TRANSPORT INFORMATION

Not classified as dangerous in the meaning of the following regulations: DOT, IATA/ICAO , IMDG/IMO.

**15. REGULATORY INFORMATION
US SARA Reporting Requirements**

SARA Title III Sections: SARA (311, 312) **hazard class:** Not concerned

State Regulations

California Proposition 65 Information: The following statement is made in order to comply with the California Safe Drinking Water and Toxic Enforcement Act of 1986. This product contains the following substance (s) known to the State of California to cause cancer: Acrylamide

International Inventories

European Union (EINECS/ELINCS): All components of this product are either listed on the inventory or are exempt from listings.

USA (TSCA): All components of this product are either listed on the inventory or are exempt from listings.

Canada (DSL): All components of this product are either listed on the inventory or are exempt from listings.

Canada (NDSL): All components of this product are either listed on the inventory or are exempt from listings.

Australia (AICS): All components of this product are either listed on the inventory or are exempt from listings.

China (IECSC): All components of this product are either listed on the inventory or are exempt from listings.

Japan (ENCS): All components of this product are either listed on the inventory or are exempt from listings.

Korea(ECL): All components of this product are either listed on the inventory or are exempt from listings.

Philippines (PICCS): All components of this product are either listed on the inventory or are exempt from listings
